I stumbled upon Jodie's lash lift and brow lamination course whilst searching for a local, reputable trainer. I was a little nervous about booking as I'd heard so many horror stories about people paying for courses only to then receive very low level training but Jodie was extremely responsive to all of my messages and when we spoke on the phone she instantly put my mind at ease. Soon after booking, Jodie sent me all the course handbooks which we went through together on the day of my training. Jodie was very knowledgeable and completely approachable and it was great to practice both procedures on my first model there and then. Jodie talked me through every step of the procedure and I felt completely at ease with her. I left feeling confident that I had learnt a new skill in just a few hours. Jodie has also touched base with me since my training and offered additional support. I would strongly recommend training with her and am so glad that I did

Maria

The eyelash extensions course I did with Jodie was so amazing, I feel so well prepared and ready to take on real clients, she really talked in depth about every area you need to know going into this industry, as a complete beginner I'm so happy to have done her course I really feel amazing, posative, optimistic and confident coming away from it.
